Yackandandah

Kicking Goals

- ✔ Emergency Preparedness
- ✔ Yack01 Community Battery
- ✔ 100% Feasibility Study
- ✔ EV Charger
- ✔ Community Virtual Power Plant
- ✔ Over 60% Yack households have rooftop solar

DONATE TO MAKE A DIFFERENCE

Winner
Premier's
Sustainability
Awards 2020

Launched in 2014, Totally Renewable Yackandandah Inc (TRY) is a passionate, volunteer, not-for-profit community group focused on transforming Yackandandah to a 100% renewable electricity supply by 2024.

Adopting an integrated, community-based systems approach to the efficient and nimble use of electricity, based on local solar generation, storage, microgrids and emergency readiness.

Join the Team

Donations over \$2 to the TRY Public Fund are tax deductible.

TRY uses all donations to plan and fund community initiatives that work towards the 100% goal AND reduce energy costs, improve reliability, increase resilience, and reduce emissions.
